WELCOME TO GOOD SHEPHERD CHURCH AND PRESCHOOL

Dear Friends,

Welcome to Good Shepherd. We appreciate your trust in us to provide a safe and loving environment where your child will grow and develop. We see each child as a blessing and are thrilled to share in this amazing season with you.

At Good Shepherd, we believe Early Childhood Education is an integral part of our ministry and are in a unique position to help children see themselves as unique persons, created by a loving God, in relationship with Jesus Christ.

Thank you for sharing your child's journey with us. We are happy to serve your family in any way we can.

Blessings,

Dear Preschool Families,

We understand you have many choices of preschools to send your child to in Irvine. As Early Childhood Educators, we know children learn from having rich, meaningful, hands-on experiences and that Social Emotional Competency is vital for your child's lifelong success.

Our mission is to provide a loving faith-based community for children that preserves childhood through sensory experiences, exploration, and creativity.

Good Shepherd Preschool has been "preserving childhood and planting faith" in the Irvine community since 1978. We are delighted to have your family join our Preschool community.

Julie Goodman | Executive Director
Jeanette Garcia | Director of Operations

STATEMENT OF FAITH AND PURPOSE

FAITH

We are Christ-following believers who have joined together to meet the spiritual needs of our community. Good Shepherd Preschool is a religious non-profit ministry of Good Shepherd Lutheran Church. Our church and Preschool promote behaviors consistent with the teachings in the Bible.

We believe in one God, eternally existing in three persons - Father, Son, and Holy Spirit - having the same attributes and perfections - The Holy Trinity. (2 Corinthians 13:14)

We believe the Lord Jesus Christ accomplished our redemption through His death on the cross as a representative, vicarious, substitutionary sacrifice and that our justification is made sure by His literal, physical resurrection from the dead. (John 3:16)

We believe the Holy Spirit calls all Christians through the Gospel, enlightens and empowers believers with His gifts, and convicts the world of sin, righteousness, and judgment. (John 16:8-11)

We believe humans were created in the image and likeness of God, beloved by God, and called to live according to how God created us at birth. (Genesis 1:26-27)

We believe God ordained and instituted traditional marriage. (Genesis 2:18-25)

We believe salvation, forgiveness of sins, reconciliation with God, and God's power in our lives, is the gift of God brought to humankind by God's grace and received by faith in the Lord Jesus Christ. (John 1:12)

PURPOSE

Good Shepherd offers Infant Toddler, Two's, Preschool, Transitional Kindergarten, and Half Day Programs, recognizing the importance of a high-quality early childhood education. Good Shepherd provides a wide range of learning experiences to help children develop socially, physically, intellectually, and spiritually within a Christian community. Our preschool environment provides a warm and inviting "home away from home" environment.

MISSION, PHILOSOPHY, AND VISION

Mission: To provide a faith-based community where children are known, seen, and loved, and to preserve childhood through sensory experiences, exploration, and creativity.

Philosophy: Good Shepherd Preschool is a Christ-centered early education program that values the whole child and their stages of emotional, spiritual, physical, and intellectual development. We align with the guiding principles of the [California Preschool/Transitional Kindergarten Learning Foundations](#).

Our emergent curriculum is child-initiated and play-based. Research shows that invaluable learning occurs through social experiences that encourage problem-solving, creative thinking, and cooperation.

Vision: Upon leaving Good Shepherd Preschool, our goal is for children to know the nature of God and understand the unique person God created them to be while having a solid social-emotional foundation that will inspire them to be critical thinkers, researchers, and life-long learners.

DAILY ACTIVITIES

Each day, curriculum is presented so that each child can experience a wide variety of age-appropriate activities.

The activities include the following:

Chapel Time: Teachers participate in developing memorable Chapel Times. Bible stories, songs of praise and worship, birthday celebrations, and prayer are all integral parts of this special time. Children learn about God's great love for them and the importance of knowing the love of Jesus Christ.

Learning Centers: Children participate in art, dramatic play, sensory, science, math, pre-reading, writing, block building, and fine and large motor activities.

Creative Movement and Music: Each Classroom plans a variety of music experiences. Songs, finger plays, dancing, instruments, and creative movement are all part of each day. Children learn a wide range of developmental skills during these musical activities. Additionally, we have a Music Teacher on our teaching staff who has scheduled music sessions with each class.

Small Group: Children divide into small groups for more individualized time with their teachers. Fine motor development (writing and scissor skills), visual discrimination (color, shape, number, and letter recognition), phonemic awareness, attending abilities, and verbal skills are all areas of concentration.

Motor Development: Planned activities are set up in the Outdoor Classrooms to stimulate large muscle development.

Outdoor Classroom Environment: Outdoor explorations is a favorite time for many children. Children in the Infant Toddler Room, Purple Room, and Green Room share a playground that is separate from the rest of the Preschool.

Snack: Children learn self-help skills and manners while eating a nutritious snack in a group setting. The Preschool offers a morning snack for all Programs except Infant Toddler. An additional afternoon snack is provided for all Programs except Infant Toddler. Infant Toddler families provide all food and snacks.

Nap Time: Infant Toddler, Two's, Preschool, and Transitional Kindergarten Programs offer children a daily nap/rest time.

Literacy: Children develop a love of literacy through hearing stories, retelling stories, acting them out, and dictating their own stories.

Social Emotional: Children learn to get along with others, solve conflicts, negotiate, and develop friendships, as well as how to function as part of a community.

SCHOOL HEALTH POLICIES

1. Health/Illness

Upon enrollment, state licensing requires the submission of a Physician's Report signed by the child's physician.

Additionally, the Physician's Report is to be completed at your child's annual doctor visit and submitted to the Preschool Office. This form can be found on our website.

Standard immunizations are also due at the time of admission per the State of California.

Your child's health is of major importance to us. A daily health check is given upon each child's arrival. The person bringing the child must wait until the child is greeted by his/her Teacher before leaving.

Your child will not be admitted to the center or may be sent home if any of the following symptoms of illness are present:

- 1. The illness/recovery results in a greater care need than the staff can provide without compromising the health and safety of the other children and requires one-on-one care.**
- 2.** The illness/recovery prevents the child from participating in routine activities.
- 3.** Temperature – **100.4** degrees or greater accompanied by behavior changes or other symptoms of illness.
- 4.** Runny nose (thick or runny secretions), coughing, difficulty breathing, lethargy, persistent crying and/or irritability.
- 5.** Diarrhea – 1 – 2 incidents, increases in stool water, and/or form that cannot be contained in the diaper/pants.
- 6.** Vomiting – one incident.
- 7.** Mouth sores with drooling or other draining sores.
- 8.** Rash with fever or behavior changes. A child with an unexplained rash may return with a physician's written diagnosis of a non-contagious rash.
- 9.** Conjunctivitis (pink eye) – Bacterial or viral conjunctivitis remains contagious as long as tearing & mattering of the eye continues. Exclude until 24 hours after the start of antibiotic eye drops and/or tearing and mattering of the eye has ceased. If the child does NOT have contagious conjunctivitis, the child may return with a physician's note stating the child is not contagious.
- 10.** Scabies or other infestations – exclude until the day after treatment is completed.
- 11.** Head lice – exclude until 'nit free' and confirmed by Preschool Office staff.
- 12.** Impetigo - exclude until 24 hours after antibiotic treatment has been started.
- 13.** Strep throat - exclude until 24 hours after medication has been started, and no fever.
- 14.** Chicken pox – exclude until all sores have dried and crusted.
- 15.** Mumps – exclude until nine days after onset of gland swelling.
- 16.** Measles – exclude until five days after onset of rash.
- 17.** Rubella – exclude until seven days after onset of rash.
- 18.** Shingles - exclude until the blisters are covered or form a crust.
- 19.** Respiratory illnesses-- exclude if a fever is present or the child has problems breathing.
- 20.** Hand, Foot, and Mouth – exclude until fever-free, and all blisters are scabbed over, or fever-free with a physician's note stating the child can return to school.
- 21.** If a child suffers from allergy symptoms, a physician's confirmation and a list of suspected allergies will be required.
- 22.** If a child is fussy, cranky, and generally not himself/herself, it is recommended that the child stay home. Rest at these times may prevent the development of serious illnesses.

Notify the office immediately if your child has a communicable disease.

If a child becomes sick while at school, he/she is brought to the office to wait in the "sick bed area" for an authorized person to pick them up. Office personnel will comfort the sick child, provide a resting video, and take care of any special needs.

Being sensitive to separation anxiety in very young children, if a child becomes ill in the Infant Toddler Room, the child will stay isolated in their Classroom. **The family will be called and expected to pick up their child within 30 minutes.**

SCHOOL HEALTH POLICIES (CONTINUED)

2. RECOVERY

When a child is sent home ill, he/she may not attend school the following day. *Children may not return to school until they are symptom free for 24 hours, in accordance with the "Readmission to School" guidelines on the Illness Note sent home and explained at pick up.* Anytime your physician has prescribed an antibiotic for your child, he/she must remain at home until the first 24 hours of the prescription has been completed.

When it is necessary to send a child home, the child must be picked up within 30 minutes.

Please keep a current list of friends and/or relatives on file in the office who have authorization to pick up your child if you cannot come to the school immediately and/or cannot be reached.

If a child has been absent due to surgery, broken bones, or other atypical medical conditions or symptoms, a physician's release will be required for the child's re-admittance to school. However, if the child is unable to walk due to an injury, the child must stay home.

When a child is hurt off-site, Good Shepherd requests an "Off-site Injury Report." This report is available in your child's Classroom and the Preschool Office.

When a child receives a minor injury such as a small scrape that may require a band-aid or small bumps, an "Ouch Report" will be written and given to parents on the day of the injury. If a child receives a major injury such as a head injury, injury to the face, broken bone, scrape, or cut that would require medical attention, a parent is notified immediately.

3. Immunization Requirements, per the State of California

Upon admission, a copy of the child's immunization record must be submitted, alongside a signed Physician's Report. Visit shotsforschool.org for requirements for Preschool Entry.

AUTHORIZATION FOR ARRIVAL AND DEPARTURES

The State of California **requires** that all children be signed in and signed out with a **FULL LEGAL SIGNATURE** at the time of each arrival and departure at Preschool. **The child will not be released to anyone younger than eighteen (18) years of age.**

ProCare Connect App is used to sign children in and out.

No child will be released without authorization by the parent or guardian. Any changes in authorization must be in writing. Persons will be asked for the proper identification.

We ask that you make either verbal or eye contact with a Teacher when dropping off or picking up a child(ren). Parents are required to immediately leave the campus, including the church campus, promptly after picking up their child(ren).

Please keep your child(ren) near you as you make your way through the parking lot.

FAMILY COMMUNICATION WITH PRESCHOOL

It is beneficial to children for the family members to explain to staff about events occurring at home that may influence changes in a child's behavior at school. We ask that you communicate these events when children are not listening. You may call the Preschool Office to coordinate a time when your child's Teacher can speak with you privately.

The Preschool uses various methods to communicate. Check the Classroom whiteboards, bulletin boards, and children's files daily for important information. ProCare Connect is used to send messages about upcoming events, registration information, etc.

BABYSITTING/BIRTHDAY PARTIES

Teachers are prohibited from babysitting for enrolled Preschool families. To uphold the privacy of our Teachers and to avoid conflicts of interest, Teachers are not permitted to attend children's birthday parties.

SCREENING/FAMILY TEACHER MEETINGS

At the beginning of each school year, parents complete an "Ages and Stages Questionnaire" for their child. This screening tool provides a quick look at how their child is developing in the areas of: communication, physical ability, social skills, and problem-solving skills. Teachers will review the questionnaire with parents at their child's first Family Teacher Collaboration Meeting. Teachers will refer parents to additional resources if needed.

If concerns arise before or after the scheduled Family Teacher Collaboration Meetings, Teachers are available for phone calls, or meetings. The Directors are also available for concerns, questions, or comments.

Confidentiality within our Preschool is paramount, as it forms trust between families, staff, and students. The Preschool Staff is ethically obligated to maintain confidentiality with sensitive information about students and families.

NOTIFICATION OF CHANGE OF ADDRESS + PHONE NUMBERS

Changes in address, phone numbers and emails can be accessed through myprocare.com. Any changes of "authorization for picking up" your child must be submitted in writing to the Preschool Office. This information is vital for contacting parents when children become sick at school, and in keeping our emergency information up-to-date.

CELLPHONES

To create a positive Preschool experience for your child, we ask parents to refrain from using cell phones while on campus. Our "No Cell Phone Policy" supports parent and Teacher communication and ensures your child's safety when arriving or leaving Preschool.

SNACKS+LUNCHES

The school offers Two's, Preschool, Transitional Kindergarten, and Half Day programs with nutritious, low-sugar snacks that meet the nutritional requirements set by the State of California.

GUIDANCE AND BEHAVIOR POLICY

At Good Shepherd Preschool, we believe that social-emotional learning during the early years of a child's life sets a positive foundation for their future growth and learning. We use [the Pyramid Model](#) for Promoting Social and Emotional Competence in Infants and Young Children (Pyramid Model) to achieve this. The Pyramid Model provides a framework of evidence-based, developmentally appropriate practices to promote young children's social, emotional, and behavioral outcomes from birth to five years old. Pyramid Model practices are embedded throughout the daily activities.

Our Commitment to Families: We are dedicated to nurturing each child's uniqueness while fostering a deep respect for others. We recognize that families play a crucial role as the most significant adults in a child's life. We actively promote mutual respect between families and Teachers. Daily communication between families and our staff is highly encouraged, and our doors are always open to welcome and engage with families. If a child needs additional support in learning social-emotional skills, we will collaborate with the family to develop strategies and interventions. When families have concerns about challenging behaviors exhibited by another student, parents **must** bring concerns directly to a Teacher or GSP administration and **not approach** the child's family.

Our Commitment to a Nurturing Learning Environment: The Pyramid Model includes practices for building nurturing and responsive relationships with children and positive relationships with families as the foundation. We believe this is essential for promoting children's learning. The Pyramid Model also provides practices to establish a predictable environment, a balanced schedule of child-directed and Teacher-directed activities, and strategies for supervising and guiding children to promote their engagement in learning.

Our Program's Behavior Expectations: At GSP, we teach three program-wide behavior expectations to children. These expectations provide a common language for describing expected pro-social behaviors. Simple rules are created to help reinforce our program-wide expectations. ***These expectations are: We are safe; We are kind; We are respectful.***

Behavior Has Meaning: We know that young children might engage in developmentally appropriate behavior that feels unacceptable to adults. These behaviors are a form of communication. These behaviors communicate a variety of messages, such as wanting an object or attention or wanting to avoid an activity or interaction. Children often engage in challenging behavior when they don't know how to communicate a complex emotion like frustration or anger. Teachers commonly respond to children's challenging behavior by redirecting them to more appropriate behavior, guiding them to express their needs, or helping them use social-emotional skills to regulate or cope with their strong emotions.

Preventing and Addressing Challenging Behavior: With the application of the Pyramid Model, our Teachers implement practices to help diminish challenging behavior and promote social-emotional skill development with all children. Some children may need additional support in learning social-emotional skills. To support children exhibiting *persistent challenging behavior, see the process below. This entire process could take a minimum of three months to complete. Preschool Administration will:

1. Team with the family to develop an Individualized Behavior Intervention Plan to help diminish persistent challenging behavior.
2. Communicate/meet with the family weekly to assess the effectiveness of the support provided and the child's progress in the program and at home.
3. Direct the family to additional outside resources including but not limited to early childhood mental health professionals to maintain the child's safe participation in the program. (The family will be financially responsible for these resources, if applicable.)
4. Should all resources be exhausted without the child's persistent challenging behavior diminishing, we will work with the family to identify a program where their child can be successful and will guide and support the family through moving to a different program.

*Persistent Challenging Behavior is defined as behavior that continues despite consistent appropriate intervention, interfering significantly with daily learning and routines, and/or poses a safety risk to themselves or others.

IMPORTANT INFORMATION

CAREGIVER BACKGROUND CHECK INFORMATION

The law requires that the Community Care Licensing Division check the criminal background of all adults who apply for a license to operate a community care facility. We also check the criminal background of all adults who want to work, reside in or have contact with clients being cared for in a community care facility.

What is a background check?

As part of the background check process you must be fingerprinted and tell whether you have ever been convicted of a crime other than a minor traffic violation. The Department of Justice and the FBI will check your fingerprints against their criminal record information. If you **will** have contact with children, your name will be checked against the Child Abuse Central Index registry. This is a listing of people who have been reported for suspected child abuse. If you have not been convicted of a crime and have no child abuse history, you will be given a "clearance."

What if I have a criminal conviction?

If you were ever convicted of a crime, other than a minor traffic violation, even if it happened a long time ago, you cannot own, live or work (including some volunteers) in a facility unless we give you an "exemption." If the Department of Justice notifies us that you were convicted of a crime, we will notify the facility operator that an exemption is needed. If you were convicted of a serious crime or if you are on supervised probation after being convicted of a crime, you probably won't be given an exemption.

You do not qualify for a criminal record exemption if you have ever been convicted of a serious crime such as robbery, sexual battery, child abuse, elder or dependent adult abuse, rape, first degree burglary, arson, or kidnapping. These kinds of crimes are **nonexemptible and if you were convicted of one of them, by law you will never be allowed in a facility.**

How do I get a criminal record exemption?

As part of the request for an exemption, the facility operator or you must send us convincing proof that you are of good character in spite of your conviction. We will review any information you submit as well as the number and type of crimes committed, how long ago the crime(s) happened, what kind of work you will be doing and whether you will be working with children, adults, or the elderly. *(You need not disclose any marijuana-related offenses covered by the marijuana reform legislation codified at Health and Safety Code sections 11361.5 and 11361.7.)* If we find that you were not truthful in the information you submitted for your exemption, we will deny your exemption request. In most cases, if you are currently on supervised probation or on parole you will **not** be granted an exemption. If your exemption is denied, and you are married to or living with someone who is applying for a license and care **will** be provided in your home, his or her application will be denied because everyone who lives in the home must have a clearance or exemption. If a criminal record exemption is granted to you and you later move, or want to work in a different facility, your exemption will be re-evaluated based on your new role and our current laws, regulations, and policies. If you are arrested or convicted after an exemption is granted to you, your exemption may be cancelled. If you are married to or living with someone who is licensed, and care is provided in your home, the facility license may be suspended or revoked.

You are strongly encouraged to read the licensing criminal record exemption regulations to find out the amount of time that must pass following your conviction, before you can qualify for an exemption. Some convictions require longer periods of time following conviction than others. The regulations and other information can be found on our web site at www.cclcd.ca.gov.

How long does the criminal record exemption process take to complete?

If you do not have a criminal record, a clearance is normally available in a few days. If an exemption is needed, it may take three months or longer to complete the process.

DISCLOSURE OF CRIMINAL RECORD EXEMPTION INFORMATION UNDER THE CALIFORNIA PUBLIC RECORDS ACT

If you are granted a criminal record exemption, your name will be given out to the public, upon request. If you own a facility and you have staff, residents or volunteers who have a criminal record exemption, the name of your facility will be given out to the public, upon request.
